# Introduction

We are the Payroll Partner of Wipro InfoTech (RASPL) and a leading manpower provider for major IT companies.

Our training prepares students for System Support & Networking jobs at Wipro, HCL, and many other IT-MNCs.

Only real, practical IT skills –  
No coding. No development. No programming.

Plus, IT Networking remains one of the few domains untouched by AI, ensuring long-term job security.

# What we do?

We offer 90 days of industry-focused training for freshers in IT System Support & Networking.

After the training, we provide interview opportunities, and students must clear the interview to get selected.
